TAMAR VALLEY

Welcome to the **Tamar Valley Wine Route** – one of the world's top 10 wine routes. With many small and family-owned vineyards, the growers themselves will often greet you and explain just how the wine is made... But there is so much more to the Tamar Valley than just wine. **The Tamar Valley Arts Trail** – with local artists dotted from Legana through to Clarence Point – is a unique space where you can meet the artist in their studio! Throw in a brief stop at **Brady's Lookout**, the home of the nineteenth century bushranger Mathew Brady to get a postcard photo opportunity.

Now head to the **Beaconsfield Mine and Heritage Centre**, which shows the workings of the old mine, recalls the boom days of gold, the events of the 2006 mine rescue and Tamar Valley history. Only a few minutes up the road is **Beauty Point** where you can visit **Seahorse World** and **Platypus House**.

Return south, but this time cross the **Batman Bridge**. The Eastern side of the Tamar River is brimming with experiences not to be missed!
